TO : Eric Johnson
FROM : Susan Kennedy *SK*
DATE : 15 October 1985
SUBJECT: Richardson Flat Tailings HRS Update, TDD R8-8508-07.

Attached are two copies of the updated HRS package for Richardson Flat Tailings. I am mailing an additional copy to Steve Chang, Mitre Corporation.

New material includes a ground water route score based on recently received ground water sample data. In addition, an observed release to the air route has been scored based on photo-documentation of air-borne tailings. High-volume air sampling at Richardson Flat is recommended to substantiate the air route score.
